

DERBYSHIRE SCHOOLS PHASE TWO LIMITED

For the attention of Roger Carter
Carter Construction (Derby) Limited
Richardson Street
Derby
DE22 3GR

21st May 2010

Dear Sirs

The Long Eaton School Construction Technology Extension

As the PFI Asset Manager responsible for the above School I would like to thank Carter Construction for the completion of the above works within the construction period and to a high standard, the commitment to the success of the project at all levels from Carter Construction staff and your subcontractors was commendable.

The new extension will allow the School to expand its vocational education curriculum for construction training and it is fitting that Carter Construction were involved as you have made me aware of Carter Construction's positive attitude to training and apprenticeships for young people in the construction industry.

I will have no hesitation in recommending Carter Construction to other clients and look forward to working with you again in the future.

Yours faithfully

Glenn Urmson
